

You should be aware of the following information regarding the second term test for MAT 133Y:

Date: Tuesday, January 17, 2012

Time: 6:10 PM–8 PM

Locations: See reverse of this page.

Bring along: A **non-graphing** calculator with nothing in the memory (this will be enforced), writing implements including a pencil and eraser and a pen, and your student ID card.

Format: There will be 10 multiple choice questions, for which you will need the pencil, and 4 written-answer questions, for which you will need the pen. (When answering multiple choice questions, only a single answer is acceptable. If you give two answers for the same question you will get no credit, so if you change your mind, you will have to erase your answer. In the written-answer questions, you must at least write your final answers in pen and enclose them in a box.)

Covers: Chapters 10.1 through 10.4 of HP; Chapters 11.1 through 11.5 of HP, 12.1 through 12.7 of HP, and Section 6 of Supplementary Material on the MAT133 website (i.e., L'Hopital's Rule).

It is strongly suggested that you try appropriate problems on old term tests, straying into Test 3 for problems on some topics.

OTHER MAT 133Y BUSINESS:

Some tutorials are changing rooms in January:

T0301B T3B is moving from SS1083 to WI524

T0301C T3C is moving from SS1088 to MP137

T0501B W3B is moving from SS1088 to WI523

T0701C F2C is moving from BA1210 to BA1240

Unclaimed Test 1: Students who have not picked up their copies of Test 1 should come during the office hours of A. Igelfeld (Mon. 1:30 to 3:00 and Thurs. 1:30) to 3:00PM BA6252) in the new year.

Test 1 Solutions: Posted on the website under "old term tests" .

Reprise MAT 123S: Please remember that in order to be allowed into the Reprise Program you must have written Test 1 and received a grade of at least 20%. **Detailed information on the Reprise Program for this year is available on the following web site: www.math.utoronto.ca/courses/reprise.html**

Test Locations: Seating is alphabetical by family name. Check the chart below for the location at which you write the test. Note: *some of these rooms are hard to find! Check the location in advance.* Please show up in the correct room. Students in the wrong location will be asked to leave and go to the proper room. **KNOW YOUR TUTORIAL CODE.**
