Tutorials begin the week of Sept. 18.

Tutorial Registration: Most of you already have a tutorial, but several dozen do not. Please register for a TUT section right away. If your name is not on your TAs class list, your quizzes will not be marked. Your quiz will NOT be forwarded to the correct TA. If you have not yet registered for a tutorial by the end of Sept. 20 on ACORN go and see A. Igelfeld during his Office Hours(BA 6252, Mon. and Thurs. 1:30-3:00). You are not be able to change your time after September 20 without permission from A. Igelfeld. The TAs CANNOT let you into their tutorials without written permission from A. Igelfeld.

First Quiz: The first quiz will be held in the SECOND tutorial during the week of Monday, Sept. 25 to Friday Sept 29. Don’t worry about the Monday holiday on Oct. 9, but read the schedule of Quiz 2 below.

Math Aid Centre Hours: For the first few weeks of the term, tutorial help is available only in the Math Aid Centre (PG 101) at hours now posted on the course website. After that, MAC hours will continue according to a schedule to be announced.

---

FIRST (up to Test 1) QUIZ SCHEDULE:

Note: This Schedule may be amended. Any changes will be announced on the course website.

Mon., Sept. 18 to Fri., Sept. 22: No quiz. Get acquainted with your tutorial and ask your first questions.

Mon., Sept. 25 to Fri., Sept. 29: Quiz 1 on Compound Interest, Present Value, and Continuous Compounding (HP 5.1-5.3)

Mon., Oct. 2 to Fri., Oct. 6: Quiz 2 on Annuities, and Perpetuities (HP 5.4 and 5.6) Religious holidays are accounted for by the fact that not all the quizzes count; no extra quizzes are given for this purpose.

Tues., Oct. 10 to Fri., Oct. 13: Quiz 3 on Amortization (H.P. 5.5) and SM Sections 1 and 2 (Mortgages and Bonds). Since Oct. 9 is a statutory holiday, the Monday tutorials of the following week will write Quiz 3 the same week that they write Quiz 4.

Mon., Oct. 16 to Fri., Oct. 20: Quiz 4 on Matrices and Matrix Arithmetic (HP 6.1-6.3)

Mon., Oct. 23 to Fri., Oct. 27: Quiz 5 on Linear Systems and Inverses (HP 6.4-6.6)

Mon., Oct. 30 to Fri., Nov. 3: No quiz but Test 1 is on Tues., Oct. 31, from 6-8 PM. What Test 1 will cover will be announced later.

Mon., Nov. 6 to Fri., Nov. 10: Reading week. No classes, no tutorials, no quiz.

Mon., Nov. 13 to Fri., Nov. 17: No quiz but Test 1 will be returned and taken up in tutorial. Students who wish to dispute marks must return their papers to the TA before they leave this tutorial.
