

MAT223 READING AND REFLECTION 9

Reading Assignment.

The following reading assignment will help prepare you for Reading Quiz 9, which is due on Quercus no later than **Monday, March 17th, by 11:59pm**.

1. Watch [this 3Blue1Brown video](#) on Change of Basis.
2. Optional: watch [this 3Blue1Brown video](#) on nonsquare matrices (this may help some of you visualize transformations between different spaces).

Reflection Assignment.

This week, we'd like you to reflect on obstacles and motivations to attend lecture.

1. Read [this very short excerpt](#) from Cal Newport's book "How to Win at College". [Cal Newport](#) is a computer science professor at Georgetown University, and writes books on learning and productivity (such as "[Deep Work](#)").
2. Fill out the associated Quercus Reflection Survey.
