

MAT 133Y FINAL ANNOUNCEMENT

March 29, 2018

You should be aware of the following information regarding the Final Exam for MAT 133Y:

Date: Wednesday, April 18, 2018

Time: 7 PM- 10 PM

Locations: Distribution is alphabetically, by surname. Check for your location on the posted Exam Schedule (e.g. on the Arts and Science website).

Exam conflicts: Final exams are run by the Faculty Office. If you have any exam conflicts, or any problem whatsoever with the time and date of this Final Exam, contact the Arts and Science Faculty Office. *Please do not contact the Math Office or A. Igelfeld.*

Bring along: a calculator. The only calculator permitted is the TA-30X IIS. Final exams are under the authority of the Faculty of Arts and Science, not of the course instructors; if you bring the wrong calculator you may get into serious trouble, and we will not be able to get you out of it!

Bring also: A pencil, a pen, and your student ID card.

Format: There will be 15 multiple-choice questions, for which you will need the pencil, and 5 possibly multi-part written-answer questions. You need the pen to sign your name. Please enclose final answers to the written-answer questions in a box.

Covers: The whole year's work. See the course outline. The exam divides as follows:

Finance 10%

Matrices and Linear Equations 3%

Limits, Continuity, Ordinary (one variable) Differentiation and Applications (including L'Hopital's Rule) 21%

Integration (including differential equations) 42%

Functions of more than one variable 24%

Please note that the exam is heavily weighted towards material that comes after Test 2, i.e., Chapters 14 and 15 and then Chapter 17 of HP.

OTHER MAT 133Y BUSINESS:

1. **Term Marks:** All Term Test and Quiz marks that we have on file are posted on the MAT133 home page . It is your responsibility to check that we have the correct marks on file. If you find a discrepancy, report it to A. Igelfeld, BA 6252, 978-4447 by 3 PM, April 16.
2. **Math Aid Centre Hours:** There will be some study help available in PG 101. A schedule will be posted.

3. **Previous Final Exams:** At the bottom of the main page of this website are old exams with solutions.

Old exams may contain questions on material that is not currently in the course. Note that some years' final exams do not include quite a bit of material for which you ARE responsible this year.

4. **Old Term Tests with Solutions–Website:** Solved term tests from previous years and this year are also available on the course website.

5. **Final Marks:** Your mark in MAT133Y will be made available to you by the Faculty of Arts and Science whenever the Faculty of Arts and Science decides (usually immediately after they are sent in). We do not give out this information. No matter what reason you have for wanting to know, no one will tell you whether you passed or failed, nor what your mark on the final exam was. Please don't call to ask. Good luck on the exam.
